

CMA – Comparative Market Analysis – Step 6 View Presentation

When you open the folder **Step 6: View Presentation** and click **Final Presentation**, your CMA presentation is generated and displayed on your computer’s screen. You can scroll down through your presentation to check the CMA to make sure it has the look and data you are expecting.

By clicking **BACK** or clicking on the appropriate step and/or sub-step in the CMA left navigation pane, you can return to the point in your CMA where you want to adjust your CMA.

There are three output options for your CMA:

- **Print** – print your CMA to your printer.
- **E-mail** – opens a Paragon E-mail with your CMA inserted as a hyper-link. Like Automatic E-mail notifications, the hyper-link is good for 30 days from the day you clicked E-mail. You can add attachments to your CMA E-mail.
- **Info on Saving to PDF** – advises the steps to save your CMA in PDF format.
